

Trade all asset types. Everywhere. From anywhere.

Introducing the new FFA Direct Pro +

Trade online using instruments and platforms once reserved to institutions.

FFA Private Bank is pleased to introduce you to the most advanced way to trade online. Whether you are an individual investor or a professional trader, now you can trade stocks, futures, options, Forex, CFDs, bonds and funds, all from a single platform: FFA Direct Pro+. Alternatively, if you are concerned only by Forex trading, you can choose the powerful and convenient Metatrader platform.

Stocks and stock options

Trade stocks on all major exchanges and use options to anticipate rising or falling markets.

- > Access more than 24 markets around the world, from North America, to Europe and Asia-Pacific.
- > Refine your investment strategy through short selling, stock lending and margin lending.
- > Employ leverage to gain more exposure to stocks: Take advantage of up to 4:1 leverage on US stocks and up to 3:1 leverage on non US stocks.
- > Benefit from our competitive Interest Rates

Futures and futures options

Enter the global commodities markets and use options on futures to diversify your portfolio while limiting your downside risk.

- > Access all US and international futures exchanges.
- > Take advantage of a real time risk management system to maximize your financial security.
- > Trade as low as 5\$ per contract.

Spot FX

Using the powerful and easy to use Metatrader platform, trade currencies at your convenience, with no commission and tight spread

- > Access major Forex crosses.
- > Get real time quotes, charting and technical analysis.
- > Choose your trading device: PC/iPad/iphone or smart phone.
- > Try our free-demo account to test your trading strategy.

Diversify your strategies:
Take short and long term positions

Refine your instruments:
Enter the derivatives markets

Broaden your geographies:
Access major exchanges around the world

**CFD's
(Contracts for Difference)**

Add CFD's to your portfolio to take advantage of rising or falling markets. Trade stocks, stock indices, and commodities and rely on technical analysis to make smart decisions.

- > **Single stocks:** take advantage of small market movements.
- > **Major indices:** benefit from competitive index spreads.
- > **Commodities:** trade energy products, metals and soft commodities.

Bonds and Mutual Funds

Incorporate capital preservation products in your portfolio.

Access a broad range of fixed-income securities and professionally managed funds to meet your short and long-term investment objectives.

- > Choose among thousands of mutual funds those that fit your investment strategy.
- > Select bonds according to currency and maturity.
- > Monitor online your portfolio holdings.

No matter which financial product you trade, benefit from:

- > **24-hour trading.**
- > **Instant order execution.**
- > **24 hours real-time back office tools to check your trade confirmations, account updates, balances and positions...**
- > **Market news, research and insights, articles, educational resources and much more...**
- > **FFA Direct's support desk available from 8 am to 11 pm.**
